

Preveza Marine bought Successful Marina

Yet another boatyard, Preveza Marine Ionion (<http://www.prevezamarine.gr/>) bought Successful Marina for supporting its boatyard management. The Yard prides itself on its western European approach to management and service and the most modern of yacht handling equipment - the latest 65 ton travel hoist and a hydraulic lift trailer 20 ton. The yard is located at the mouth of the Amvracicos Gulf on a land of 40,000 sqm, across the estuary from Preveza town.
